## HEALTH REPORT

### New Hampshire State Department of Health

January 26, 1963

Irvan W. Johnson  
Town Clerk  
Carroll, N. H.

#### To the Citizens of the town of Carroll:

During the year 1963, 113 visits were made to the town. These visits were as follows:

Administration and		Health Supervision	33
Promotion	12	Mental Health	1
Antepartum	4	Post Partum	2
Cardiac	4	School	5
Communicable Disease	9	Sight Conservation	5
Crippled Children's Service	14	Social Problems	21
Diabetes	1	Tuberculosis	2

In January, 33 children participated in the Physical Fitness Testing Program.

The Heaf testing program for tuberculosis detection, was done on 33 school children in April, and during the year 36 children received booster immunizations for Diphtheria and Tetanus.

Two children attended the Orthopedic Clinic in Berlin, and one child attended the Pediatric Cardiology Clinic in Lancaster.

Six citizens attended the Chest Diagnostic Clinic held in Whitefield, and 41 individuals attended Sabin Clinics during the year.

In the year 1964, we would like to promote a preschool dental program, which we need in this community.

It is always a pleasure to work with the Citizens of Carroll and I wish to extend my appreciation to them for their cooperation.

Respectfully submitted,

ELEANOR D. KENNEY, R. N.

Public Health Nurse, District #2  
N. H. State Department of Health

**WARRANT  
FOR  
ANNUAL MEETING OF THE CARROLL SCHOOL DISTRICT  
THE STATE OF NEW HAMPSHIRE**

**To the inhabitants of the School District in the Town of Carroll  
qualified to vote in the District affairs:**

You are hereby notified to meet at the Town Hall in said Carroll on Tuesday, the tenth day of March next, at 10:00 o'clock in the forenoon to act upon the following subjects:

1. To choose a Moderator to serve until July 1, 1964.
2. To choose a Clerk to serve until July 1, 1964.
3. To choose a member of the School Board to serve until July 1, 1964.
4. To choose an auditor or auditors to serve until July 1, 1964.
5. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.
6. To choose agents and committees in relation to any subject embraced in this warrant.
7. To see if the School District will authorize the School Board to have audited by its auditors or by the Municipal Accounting Division of the State Tax Commission the accounts of the District as of June 30, 1964, the cost of said audit to be paid out of any balance of the appropriation for the fiscal year ending June 30, 1964.
8. To see if the District will vote to direct the Treasurer to pay over to the Treasurer of the White Mountains Regional School District any cash balance in his hands or money due the district as of July 1, 1964, less any outstanding bills or debts, together with the amount in the Capital Reserve Fund, if any; any sum or sums so transferred to be used as a credit against the said Regional School District assessment to be raised by the pre-existing Carroll School District to defray its share of the cost of operation of the Regional School District during the first year of its operation.
9. To act upon any other business which may legally come before said meeting.

Given under our hands at said Carroll this 17th day of February, 1964.

DOROTHY O'BRIEN, Chairman  
HAROLD WRIGHT  
CHARLES RICARDI  
School Board of  
Carroll, New Hampshire

## CARROLL SCHOOL DISTRICT

### To the Citizens of the Town of Carroll:

The annual report of the School Board of the School District of Carroll is duly submitted.

Many improvements were made this year in our school. The installation of the new sewage system was completed before school opened in September and the cafeteria was furnished with new equipment in order to function more efficiently. Mrs. Lela Staples started our school year on the Hot Lunch Program. Mrs. Roma Glines replaced Mrs. Staples in January to complete the school year. Both women are to be commended on the excellent work they did and are doing in this program. The Board suffered two great losses this year with the death of Mrs. Hazel McGee, our school clerk and treasurer. Mrs. Gladys Raymond was appointed by the Board to fill this position for the unexpired term. Mrs. Ermine McGee resigned from the Board prior to moving out of town. Mr. Harold Wright was appointed to serve the unexpired term.

After much consideration and discussion the Board voted to tuition the seventh and eighth grade students to Whitefield. This decision was made when it became impossible to acquire a replacement teacher for Mr. Foley. It was also thought by the Board and parents that the children would benefit and adjust more easily upon entering the new White Mountains Regional School District.

We are fortunate this year in having the services of Mr. Harvey Harkness, elementary supervisor, for the White Mountains Regional School District. He has spent a great deal of time at the Carroll School co-ordinating the school program.

Mr. Charles Ricardi was employed by the Board as acting principal. He is also teaching Science and working as a helping teacher in all grades.

The Carroll students are participating fully in the various activities in the Whitefield School and are doing well academically.

The Ski Program offered by the school this year was received with great enthusiasm. Almost all students are participating.

As of July 1st, we will be a part of and will be known as, the White Mountains Regional School District, which we feel is a great step forward for our children and the community. The Carroll School will be a part of one of the most advanced School Districts in our State.

The School Board wishes to thank the teachers and administrators for their continued cooperation, loyalty, and hard work during the past year.

An invitation is extended to parents and townspeople alike to visit our school at any time.

Respectfully submitted,

DOROTHY O'BRIEN, Chairman  
CHARLES RICARDI  
HAROLD WRIGHT

Carroll School Board

## TREASURER'S REPORT

Cash on hand, July 1, 1962	\$ 6,538.36
Received from Selectmen, Current appropriation	36,352.44

## CARROLL SCHOOL DISTRICT SUPERINTENDENT'S REPORT

To the School Board of Carroll, the town of Carroll.

It is again a pleasure to present this report to you, the citizens of Carroll.

As you undoubtedly know, our next report will not be made to citizens of individual townships but rather to the whole White Mountains Regional District. This is because you, through your extremely comprehensive Cooperative School Study during the winter of 1962-63, made possible the establishment of one of New Hampshire's largest Regional School Districts. The White Mountains Regional now encompasses the former districts of Carroll, Dalton, Jefferson, Lancaster, and Whitefield.

Since the time of your vote, the various School Boards, Superintendent, and local School Administrators, have carried on the conventional school programs at the local level, as well as conducting the planning necessary for the development of the over-all program for the Regional District. Enrollment surveys have been made. The curriculum, both academic and vocational, has been reviewed, planned, projected and co-ordinated. Surveys of the Site, Building Programs, and Transportation have been studied and reviewed by the Board of Education.

During the school year 1964-65, although you will be a Regional School District, the local school program will continue to follow the 1963-64 pattern. This may appear to many of you to be slow progress, but it has been the feeling of many, both at the State and Local level, that a complete understanding of our educational problems will better stand the test of time than more rapid decisions that have lacked the deep thought that is necessary on the part of all of us. Your Board of Education and Superintendent have met repeatedly since last May, with architects, State Department people, consultants, specialists, etc. to secure the very best and very latest information with regard to education for the 1960's and 1970's.

You may be interested to know that your district was the first in the State of New Hampshire to receive a grant for a Cooperative School Study. Your district has also been the first to receive a substantial grant for a study of the curriculum as it will affect our young people, building costs, etc. Other schools are following the White Mountains Regional pattern, which does make many of us here in the North Country proud of our position. The reports of the findings of these various studies have been, and will continue coming to you via our local newspapers. It is our sincere wish that you continue to evaluate your whole educational program.

During the spring of 1964, and soon after your various local School District Meeting, you will be asked to meet again as a Re-

gional District to make the necessary decisions relative to the 1964-65 Annual Budget for the Regional District, and to consider the merits of a new High School Building Program. Please give these important items your serious consideration, as the decisions we all make at this time could well affect the young people of this district, as well as ourselves, for a whole generation.

The cost of education continues to advance here, in New Hampshire, and throughout America, but with the new thoughts that are evolving, it is felt by most that we shall be receiving more for our dollar, which is, after all, the important thing.

The Educational Program of our District has been enriched this year by the addition of Guidance. Mr. Willis Reed, who has a Bachelor of Science Degree from the University of Maine, plus a Master of Science Degree from the University of New Hampshire, and a Master's Degree in Guidance from Boston University, has been directing this program. May I suggest that you read his report which follows, and make it a point to meet with him throughout the year if you feel he can be of service to you and your children.

Mr. Harvey Harkness, Jr., who holds a Bachelor of Science Degree from the Southern Connecticut State Teachers' College and a Master of Science Degree from the University of Vermont, joined the staff as Teacher Consultant during the summer. He has been working with the elementary staff in Lancaster, Whitefield, and Carroll Schools. He has also been working with the class for Exceptional Children in Lancaster, and his continued efforts in these areas will greatly improve our educational program.

The class for the Exceptional Child has been taught by Mrs. Kathleen Cardinal five mornings a week during the present school year. As you well know, this program is subsidized by the State and has received a great deal of attention at the National level as being one of the areas that has been most neglected in American Education. This program must continue as an integral part of our over-all educational picture. It may interest you to know that the elementary buildings throughout the White Mountains Regional District are continuing school lunch programs. They have been under the able direction of Mrs. Clara Emery, Lancaster; Mrs. Adelaide Walter, Whitefield; Mrs. Charles Enman, Jefferson; Mrs. Vera Bacon, Dalton; and Mrs. Roma Glines, Carroll.

Your School Board, in conjunction with the Lancaster and Whitefield School Boards, once again offered to all pupils in their towns the opportunity of participating in a Special School Child Accident Policy for pupils in grades I-VIII at a cost of \$2.00 per pupil, grades IX-XII at a cost of \$3.00 per pupil. Again this year it was possible for a student to obtain additional year-round coverage at a cost of \$10.00 per year. This is the eleventh year that the pupils attending the Carroll School have had this opportunity.

Previous to this time the expense of an accident was borne directly by the parent. This policy became effective September 15, 1963 and will continue until September 15, 1964.

Again, I would like to express my appreciation to the citizens of our five-town area, the members of the various Boards of Education, the Principals, teachers, and other staff members for their continued support during this very active school year. It is our sincere wish that you continue to support your educational program with your ideas and constructive criticism. This, I believe, is what Thomas Jefferson meant when he said, "Let's keep our eyes steady on the whole system."

WILLIAM GRASS, JR.

Superintendent of Schools

Mr. William Grass, Jr.  
Superintendent of Schools  
Carroll, New Hampshire

Dear Mr. Grass:

It gives me a great deal of pleasure to report to you the activities inaugurated this year in guidance. Formal guidance here is a new word. From the wholehearted response of students, parents, and educators, it is very apparent that a great deal of groundwork has been done for guidance services. The work has been far easier because of this and more has been accomplished during this first half-year than would have been accomplished during two without this work.

The guidance activities this year have been exploratory in nature and will probably continue to be for a while longer. It is my feeling that before we go ahead with an elaborate program we should be very sure what we want and why. When we do formulate a definite program, it should be flexible and able to evolve with the changing educational and vocational picture. So far this year a great deal of researching, planning, and discussing has taken place with students, educators, and businessmen on a local and state level with the purpose of formulating an outstanding guidance program for this area.

Guidance services should be concerned primarily with counseling individuals; after this, other areas of concern are: testing, information collection and dissemination, placement, research, and educational philosophy. The majority of guidance time should be spent in counseling individuals with their problems, academic and otherwise. This, I hope, will be the real focal and key point of the coming White Mountains Regional School District Guidance Program.

The process of establishing a compact, useful, realistic testing program has been initiated. I have been and will continue to get faculty and student opinion on this matter. The state department, administrators, and guidance personnel, in and out of the state, have been of immeasurable help in this area. At the present time it is planned to have school wide testing of grades 1, 4, 6, 8, and 10.

Because of the magnitude of the area and the number of students involved, I have limited, for the most part, my contacts with students to those in the high schools. Planning and research has, of course, involved all students from grades one through twelve.

A great deal of correspondence has taken place with colleges and schools in New England and other areas regarding their requirements and strong points. The guidance library is expanding at a very satisfactory rate. Guidance services providing educational and occupational information have been subscribed and a great deal of free, useful information and literature is requested each week.

During the first weeks of school small group meetings were held in the high school for the purpose of disseminating information about guidance offerings. Meetings were held with the faculty acquainting them with the program, its hopes, fears, and aspirations.

The guidance facilities provided by the Whitefield High School have been most satisfactory. A comfortable, private office with all the necessary furnishings has been provided, bulletin boards and information racks have been erected and an appointment box has been placed in the hall of the high school enabling students to reach this office and quickly and easily.

The best results of any guidance program are determined by the people who use and are affected by the program. The students response to the program has been very gratifying. I am quite enthusiastic about the results so far and am looking forward with much anticipation to making this the best guidance program possible.

I would like to sincerely commend and thank the administrators, the school board, and you for your efforts prior to and during my presence here. Without this excellent groundwork and present cooperation, the road to the present situation would have been far longer.

Respectfully submitted,

**WILLIS S. REED**

**Director of Guidance**

December 30, 1963

Mr. William Grass, Jr.  
Superintendent of Schools  
Whitefield, New Hampshire

Dear Mr. Grass:

It is with much enthusiasm that I tender my first annual report regarding the activities of elementary education in Twin Mountain.

The elementary school represents a powerful force exerting its influence upon children during some of the most crucial years of human development. The school environment is the source of untold experiences whose end result oftentimes cannot be perceived until many years have passed and adulthood has been reached. In a very real and cogent way, the successes and failures of our human community can be laid at the doorstep of the educational system we have built and nurtured. Because of this mountainous responsibility, it is imperative for teachers and parents alike to continually be seeking ways in which their role in the educational endeavor can be improved upon, for there is always the urgent need for improvement. We may never attain the perfect educational system, yet it is our human obligation to be striving to reach it; perfection may never be reached, nevertheless it remains our goal. Through the cooperative efforts of the adults of our community, the educational experiences of children can be made more truly meaningful and purposeful.

Although I have been a member of your staff for just a matter of months, I have come in this brief period of time to respect and admire the teachers and curriculum of the elementary school. The educational program and staff are functioning satisfactorily, achieving substantial results in terms of quality learning experiences. However, my enthusiasm and excitement owes itself to the deep concern and eagerness with which parents and teachers are exploring and searching for ways in which to improve upon the existing program. There is general recognition of the value of educational change and improvement; the quest for betterment is uppermost in everyone's mind. The possibility for the increase and enrichment of children's learning experiences in the elementary school appears to be extremely bright.

The teachers have manifested their desire and sincere interest to grow professionally in a number of ways. Presently we are directing our attention to the curriculum area of language arts: reading, speaking, listening, spelling, and writing. We are earnestly endeavoring to find how we can enhance and/or enliven children's learnings in the communicative skills.

We also, in an attempt to further benefit our teaching, are in the process of building and participating in a program of personal study and self-improvement. We are fully committed to the principle that the key to unlocking the secrets of high quality learning

lies ultimately in the hands of the teacher. One of the ways in which we squarely meet this responsibility is through wide and avid reading and the furtherance of our own education through evening extension courses and university summer sessions. We realize that to teach well, one must always be in a position to learn.

The cordiality, cooperation and sincere concern which permeates the Twin Mountain Community School is the kind of atmosphere in which children learn best and most permanently. Coupled with a conducive atmosphere are small classes and interested parents, all of which contribute to making a program of merit.

This report is in reality a statement of my personal enthusiasm regarding the unlimited possibilities for elementary education in District #31. It shall be my aim to channel this enthusiasm and make it manifested in a program of elementary education abounding with high quality learning experiences for children.

Sincerely yours,

HARVEY F. HARKNESS, JR.  
Teacher Consultant

## CARROLL SCHOOL DISTRICT

### PRINCIPAL'S REPORT

#### To the Citizens of the Town of Carroll:

The report on the program and activities of the Twin Mountain School is herewith submitted.

This year for the first time the Twin Mountain School is being maintained for the first six grades only. Grades seven through twelve are now being tuitioned to the Whitefield High School.

Mr. Harvey Harkness is the new Elementary Supervisor, is co-ordinating the elementary program for the White Mountain Regional School District. This new area of study in which he is involved will make it much easier for the children to adapt to the Jr. High program. It also will provide for a minimum of differences in their educational background.

Mrs. Lucy Bond teaches the primary grades, Mrs. Eileen Worsley the intermediate grades, and Mrs. Clara Hall has charge of the music program.

Ski instructions are given every Thursday afternoon with approximately 22 students in attendance. The boys in the intermediate grades are participating in the Whitefield Little League Basketball Program.

Mrs. Alice McGee, school nurse, and Dr. Jorge deVillafane conducted physicals of the students in November. The Dental Clinic was held again this year.

The Hot Lunch Program was conducted by Mrs. Lela Staples until the Christmas Vacation when she resigned. The program has since been taken over by Mrs. Roma Glines. The daily lunch count averages twenty-eight students.

A very successful National Educational Week Program and Christmas Program were held with all the children participating and most of the parents in attendance.

This is to be the last Principal's Report addressed to the citizens of the Town of Carroll. The next report will be addressed to the Citizens of the White Mountain Regional School District. I believe we can all be proud of ourselves, we had educational problems as do most school districts, but we are well on the way of solving ours.

We hope that you will take the time to visit your school. When parents take an interest in the school, consult teachers, discuss problems with school officials, demand proper classroom atmosphere—they are not meddling in someone else's business. They are asserting their rights and performing their duties as parents towards their children.

Respectfully submitted,

CHARLES RICARDI,  
Acting Principal

**CARROLL SCHOOL DISTRICT**  
**REPORT OF SUPERVISOR OF MUSIC**

Mr. William Grass, Jr.  
Superintendent of Schools  
Twin Mountain, New Hampshire

Dear Mr. Grass:

It is with plesure that I submit this report to you on the work that is being carried on in the Twin Mountain School.

The five-point program of Singing, Playing, Creating, Listening and Dancing is being carried out with satisfactory results in each grade.

Rote songs and singing games are used in the first, second and third grades with much stress given to rhythmic drill such as clapping, marching, skipping, galloping, etc.

Rhythm band instruments are also presented in the above grades. The rhythm band is helpful in two ways—it gives a good rhythmic foundation to music study, it gives much enjoyment to the young musician.

In the fourth, fifth, and sixth grades, we are introducing the syllable reading and two-part singing.

We are continuing with the flutophone classes. This year we are having a beginners and an advanced class. The flutophone is helpful in that it teaches the child to read music and develops a sense of rhythm. Also, fundamentals of the fingering are based on the idea of the clarinet.

Parents and friends of the chool are cordially invited to visit the many classes and activities at any time.

To the teachers, I extend my thanks for their fine co-operation, sustained interest, and excellent program which they have made possible at the Twin Mountain School.

Respectfully submitted,

CLARA L. HALL  
Supervisor of Music

December 1, 1963

January 16, 1964

Mr. William Grass  
Superintendent of Schools  
Whitefield, New Hampshire

**Subject: Health Reports, Twin Mountain School**

Dear Mr. Grass:

I wish to submit the following health report of the students of Twin Mountain School for the period from December 1962, to December 1963.

A pre-school clinic was held in June at Whitefield, at which time seven children were examined. They received the necessary vaccinations and triple booster shots at this time.

In September, all children were examined for general health, height, weight and condition of skin and scalp. All children appeared in good health.

In October Dr. Jorge deVillafane gave the pupils their yearly physical examinations. Only minor defects were found. Dr. deVillafane recommended a hemoglobin check, as many children in this age group appeared pale and inclined to anemia. A hemoglobin screening test was done by Mrs. Eleanor Desjardins who offered her time without charge. I wish to thank her at this time for her co-operation. We found fifteen children to have low hemoglobins and they were referred to their family physician for further checks and treatment.

Visual testing was done in October on all pupils. Two were found to have defects. As yet no treatment has been given these children.

Maico Audiometer testing was done in November. All except three were without defects. These other tests were inconclusive because of residual effects of colds and mumps.

Tuberculin testing was done in April and there were no positive re-actions which needed to be checked by x-rays.

Dental Clinics were held every Wednesday during October. All children had their teeth checked and twenty-eight fillings and two extractions were done. The dentist again remarked on the generally good condition of these children's teeth.

We are fortunate this year in having Mrs. Barbara Reed, speech therapist, in this area. Although no definite program has been set up, she has visited our school and did speech screening tests, as we are aware that some of our children are having speech difficulty. We hope sometime in the future a Therapy Program will be set up.

I have made fifty-four home calls during this year. I wish to

thank the parents for their cooperation in correcting any defects found during our testing.

Mrs. Lela Staples and Mrs. Lillian Mansfield are to be commended for their part in providing warm, nourishing meals for the children.

My thanks to Mr. William Grass, Mr. Harvey Harkness, Mr. Willis Reed, the School Board, Mr. Edward Jordan, the Faculty, Miss Eleanor Kenney and Mrs. Eleanor Desjardins for their cooperation this year.

Respectfully submitted,

ALICE H. McGEE, R. N.  
School Health Nurse
